Both of our kids have loved their years at busy bees. Our daughter left 2 years ago and still talks about it and how she misses her time there + her teachers.

The staff are so caring and lovely. They make the kids time so fun.

We're sad our family's time has come to an end with busybees.

from a mum that has had a child here previously, and now doing it again with Ava-Grace. I am amazed at the difference in Busy Bees.

The fresh new look, the new activities, and the sensory feel has all really helped Ava settle.

She is naturally a quieter, shy girl in comparison to her brother - but the staff (particularly Ellie) have helped her settle and grow in her independence amazingly!

Thank you for everything and keep up the good work
