As a parent of a child with additional needs, we had worries and concerns about how our child would settle and thrive at preschool. From the very first day, Laura (now manager - then Tommys 1-1 and SENCO), worked hard every single day to build that trusting relationship with tommy, understand him on a deeper level - and work by our side every day to fight for tommys needs to be met. This small, nurturing preschool with amazing activities, dedicated staff and the hub of love and care in our small people's lives is somewhere I will treasure always. Lisa - tommys Mum

Busy Bees is a great pre-school. The staff are very kind, imaginative and caring; making sure that the kids are given the best start before school. The outdoor space is a real asset that they make sure to use rain or shine and the kids absolutely love it!

Our daughter joined Busy Bees very shy and timid, and all the staff put the time and attention in so that she quickly became very confident, comfortable and super happy going each day. The Busy Bees ladies put so much effort into setting up creative, fun, imaginative activities for all of the children. My daughter has had the most amazing 2 years at nursery, and will miss coming.

I cannot recomend Busy Bees enough!

We love you all!

Busy Bees is a wonderful, nurturing and warm environment.
We are so glad we chose this setting.
The staff spend so much time coming up with new and exciting ways to keep the children having fun, being creative and exploring in a safe space.
Most importantly, as parents we have felt so included in this journey due to their commitment to communication with updates of photos and what they have been up to.
